[In 1979, the author used the James Cook University main frame computer to re-order Mackay Islander baptism, marriage and burial records into more useful sequences. The basic data includes 715 Anglican baptisms (1878–1946); 39 Presbyterian baptisms (1911–39), 68 Anglican marriages (1878–1939); and 388 burials (1898–1959). To these were added possible spelling variations for surnames, plantations, and islands of origin. The basic records were then re-sorted under surnames, places of residence and islands of origin. The final printout included 4,938 entries: 2,719 for surnames; 1,148 for places of origin; and 1,071 for islands or origin. A copy of the printout is in the Mackay Regional Council Library collection.]
